

Targeted therapy that fits.

With eight sizes to choose from and no age restrictions, AffloVest is the most inclusive mobile HFCWO vest available for your community. You can be sure that regardless of size, shape, or body type, AffloVest delivers targeted therapy that fits each unique individual.

In addition, as an AffloVest user you are eligible for our Size Exchange Program. The Size Exchange Program* makes adjustments easy by allowing both children and adults to go up or down in size as needed.

8 SIZES

*All exchange requests must be within reasonable limits and are subject to final approval by our patient support team. See Terms and Conditions on afflovest.com.

AFFLOVEST IS NOW PART OF TACTILE MEDICAL

Tactile Medical is a leader in developing and marketing at-home therapies for people suffering from underserved, chronic conditions including lymphedema, lipedema, chronic venous insufficiency and chronic pulmonary disease by helping them live better and care for themselves at home.

AffloVest requires a doctor's prescription for treatment by High Frequency Chest Wall Oscillation (HFCWO). The AffloVest has received the FDA's 510k clearance for U.S. market availability, and is approved for Medicare, Medicaid, and private health insurance reimbursement under the Healthcare Common Procedure Coding System (HCPCS) code E0483 - High Frequency Chest Wall Oscillation. AffloVest is also available through the U.S. Department of Veterans Affairs/Tricare. Patients must qualify to meet insurance eligibility requirements.

Advanced therapy to manage cystic fibrosis.

AFFLOVEST[®]
MOBILE AIRWAY CLEARANCE THERAPY

Tactile
MEDICAL[®]

Are you ready for freedom?

- Are you tired of being confined to one place when using your airway clearance therapy?
- Do you ever skip your airway clearance therapy because it is loud or limiting your activities?
- Are you interested in airway clearance therapy that fits with YOUR lifestyle?
- If you answered **yes** to any of these questions, we want to introduce you to **AffloVest**.

If you or a loved one lives with cystic fibrosis, you're probably familiar with airway clearance therapy for mobilizing secretions. What you may not know is that not all airway clearance therapies are alike.

WHAT CLINICIANS AND AFFLOVEST FAMILIES ARE SAYING ABOUT AFFLOVEST

“

My patient recently received her AffloVest. She **LOVES** it! She says it makes her feel less like her vest therapy is a chore now. Her mom is so happy to see her happy!

AMY S.
RESPIRATORY THERAPIST

“

Our quality of life has definitely improved. Having an AffloVest has allowed them to have so much more freedom. We can jump in the car and be gone all day. They can wear it while they eat, travel, and never have to pause for a treatment. They can do their treatment while living their daily life.

RYAN D.
CYSTIC FIBROSIS PARENT

“

It's so easy for me to strap it on and go cook dinner or get ready with my morning coffee. So it's not cutting into my day. It doesn't feel like a burden. I'm able to just add it in to my already active lifestyle.

EMILY L.
CYSTIC FIBROSIS PATIENT

Talk to your care team today to see if AffloVest is right for you.

Already have an older vest?
You may still qualify for insurance coverage.

Experience the AffloVest difference.

We're dedicated to providing the most efficient balance between comfort and functionality to help patients maintain an active lifestyle.

- AffloVest is the quietest HFCWO vest¹
- AffloVest offers more comfort and convenience than traditional air-bladder HFCWO vests, just ask our customers.
